BLUE CROSS PPO (PRUDENT BUYER) INTRODUCTION

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS AND WHICH INSTITUTIONS HEALTH CARE MAY BE OBTAINED.

THIS PERSONALIZED PROVIDER BOOKLET DOES NOT CONSTITUTE A RECOMMENDATION OF ANY HOSPITAL OR PHYSICIAN OR OTHER PROFESSIONAL PROVIDER OR FACILITY. Also, while this list is accurate at the time of printing, the Prudent Buyer Plan network is subject to change. More current information may be obtained by calling the Blue Cross 800 number on your identification card.

To take full advantage of your Plan and avoid unexpected out-of-pocket expenses, it is important for you to understand what you can expect from Blue Cross and participating providers, and what responsibilities you have.

Blue Cross of California has negotiated special rates and fees with providers on behalf of all PPO members.

Participating providers have agreed to accept the Blue Cross payment, plus any deductibles or copayments you may be responsible for under the terms of your plan, as payment in full for covered services.

You, the member, are responsible for:

- 1) assuring that the doctor, hospital or other health care provider you choose is a Blue Cross PPO "participating provider".
- 2) assuring that hospital admissions and stays are pre-authorized by Blue Cross of California as "medically necessary".

When you use a non-participating provider, YOU are responsible for any difference between Blue Cross' payment and the billed amount. Non-participating providers have NOT agreed to accept the Blue Cross payment as payment in full.

For members of the Prudent Buyer Exclusive Plan -

The Prudent Buyer Exclusive Plan provides benefits when a member receives services from participating providers only. There are no benefits for services from non-participating providers, unless the service is in connection with an emergency, urgent care or an authorized referral. Please refer to your Evidence of Coverage Form for details regarding your Plan.

Healthcare Advisor by Subimo - When Making A Health Care Decision

Another way to help you with health care decisions is Healthcare Advisor by Subimo, an interactive web site. It offers information to assist you when preparing for medical procedures or managing a medical condition. It takes you through a series of questions where you can identify your preferences when selecting a hospital. It then provides you with a list of hospitals that best match your selections. Healthcare Advisor by Subimo houses information about procedures, treatments and illnesses that also may help when you are facing a health situation. Simply link to the Subimo Web site at www.bluecrossca.com through the Member Services area.

Note: The Subimo Web site is owned and operated by Subimo, LLC, PO Box 5335, River Forest, Illinois 60305. Subimo, LLC is solely responsible for its Web site and is not affiliated with Blue Cross of California or any affiliate of Blue Cross of California.

PARTICIPATING PROVIDER SPECIALTIES

Each Participating Provider listed in this booklet is identified by a specialty. Only the following specialties are listed in this booklet:

ANESTHESIOLOGY

The delivery of anesthesia to achieve a painless state for the patient undergoing surgery or other painful procedures.

CARDIOVASCULAR DISEASE

The diagnosis and treatment of the diseases of the heart, lungs, and blood vessels.

CHIROPRACTOR

Treats musculo-skeletal and related disorders, without the use of drugs or surgery, by manipulation and specific adjustments of body structures.

CRNA

Certified Registered Nurse Anesthetist. By special training is qualified to administer anesthetics, especially general anesthesia.

DERMATOLOGY

The diagnosis and treatment of skin diseases and disorders.

DIAGNOSTIC IMAGING CENTER

Perform radiologic procedures such as X-rays, ultra-sounds, CAT scans and MRIs.

DIAGNOSTIC RADIOLOGY

The analysis of X-rays, CAT Scans, MRI, or other radiologic results to diagnose medical conditions. A subspecialty of Radiology.

EMERGENCY MEDICINE

Specialization in the treatment of critically ill or injured patients in a pre-hospitalized setting either in the field or in an emergency room.

FAMILY PRACTICE

The diagnosis and treatment of general medical conditions. Specialization in the primary care of all age groups.

GENERAL PRACTICE

The diagnosis and treatment of general medical conditions.

GYNECOLOGY

Specialization in the medical and surgical treatment of disorders and diseases of the female reproductive organs.

HAND THERAPY

Corrective rehabilitation or treatment for the hand by the use of Physical, chemical and other properties of heat, light, water, electricity, sound, massage, and active, passive and resistive exercise.

INFECTIOUS DISEASE

The diagnosis and treatment of illnesses caused by infectious organisms such as viruses, bacteria and parasites in any organ of the body.

INTERNAL MEDICINE

The medical diagnosis and treatment of diseases of adults.

LICENSED CLINICAL SOCIAL WORKER

Helps people to achieve more adequate, satisfying and productive social adjustments by the application of social work principles such as counseling and using applied psychotherapy of a non-medical nature with individuals, families and groups.

MARRIAGE FAMILY AND CHILD COUNSELOR

Uses counseling principles such as the applied use of psychotherapeutic techniques and the explanations and interpretations of the psychosexual and psychological aspects of relationships within a marriage and family for the purpose of assisting individuals and groups to achieve more adequate, satisfying and productive marriage and family adjustments.

MEDICAL GROUP

A Group of Physicians and/or specialists practicing in one location. Most medical services, including special exams, X-ray and laboratory are available in one convenient location.

NEUROLOGY

Specialization in the medical diagnosis and treatment of disorders of the nervous system.

OBSTETRICS AND GYNECOLOGY

Specialization in the treatment of disorders and disease of the female reproductive system and the management of care during

pregnancy and childbirth.

OPHTHALMOLOGY

Medical and surgical treatment of diseases and disorders of the eye, including the evaluation of vision and prescription of lenses for visual problems.

OPTOMETRY

Specialization in measuring the powers or ranges of human vision and the scope of function of the human eye in general and corrects defects in vision without the use of drugs, but by means of the prescription of corrective lenses or other optical devices.

ORTHOPEDIC SURGERY

Specialization in the surgical and medical treatment of ligaments, joints, muscles, tendons and related structures.

OSTEOPATHY

The diagnosis and treatment of general medical conditions. Specialization in the primary care of all age groups.

OTOLARYNGOLOGY

The medical and surgical treatment of disorders of the head and neck (ear/nose/throat).

PEDIATRICS

Specialization in the prevention, diagnosis and treatment of diseases of children from birth to adolescence.

PEDIATRICS - EMERGENCY MEDICINE

A specialization in Pediatrics with additional special training in Emergency Medicine.

PEDIATRICS - PHYSICAL THERAPY

Corrective rehabilitation or treatment by the use of Physical, chemical and other properties of heat, light, water, electricity, sound, massage, and active, passive and resistive exercise. A subspecialty of Pediatrics.

PHYSICAL THERAPY

Corrective rehabilitation or treatment by the use of Physical, chemical and other properties of heat, light, water, electricity, sound, massage, and active, passive and resistive exercise.

PODIATRY

Practitioners whose scope of practice is limited to the diagnosis and treatment of disorders of the foot and ankle.

PSYCHOLOGY

Diagnoses and treats psychological problems, emotions and mental disorders by the application of psychological principles, methods and procedures of understanding, predicting and influencing behavior. These practices include but are not limited to the principles pertaining to learning, perception, motivation, emotions and interpersonal relationships. They also include the techniques and procedures of interviewing, counseling, psychotherapy, behavior modification, and hypnosis, as well as constructing, administering and interpreting tests of mental abilities, aptitudes, interests, attitudes, personality characteristics, emotions and motivations.

PULMONARY DISEASE

Specializes in the diagnosis and treatment of disorders of the respiratory system.

RADIATION ONCOLOGY

The use of radiant energy and isotopes in the study and treatment of disease, especially malignant cancer. A subspecialty of Radiology.

RADIOLOGY

The branch of medicine that uses X-rays, radium and other forms of radiation to diagnose and treat disease.

SPEECH PATHOLOGIST*

By the application of principles, methods, and procedures for measurement, testing, identification, prediction, counseling or instruction related to the development and disorders of speech, voice or language, identifies and rehabilitates disorders of the speech, voice or language.

SURGERY

The diagnosis and operative treatment of diseases, injuries and disorders.

UROLOGY

The diagnosis and medical or surgical treatment of disease and disorders of the genitourinary tract.

PARTICIPATING FACILITIES

In order to avoid being billed above the amount your coverage allows (including your copay amount), please verify that all providers responsible for your care are participating. All you need to do is call the toll-free Blue Cross 800 number on your identification card prior to your hospitalization.
