

# Shasta-Trinity Schools Insurance Group

Eligible employees of Shasta-Trinity School Districts and their dependents now have access to Prestige Urgent Care's clinic. Seeing patients at our current facility is an interim solution until a second clinic is opened. Until then we require patients make an appointment. Same-day appointments will nearly always be accommodated and emergencies will be seen immediately.

## Adding Family Members

Family members not covered by your insurance plan can be added as follows:

1st Family Member/Cohabitant  
**\$59/Month**

Additional Family Members  
**\$25/Month each**

One-time registration fee of \$59. Five-day waiting period for first visit.  
Membership requires automatic monthly credit card or bank draft.

## PRESTIGE HEALTHCARE MODEL

Prestige uses a Direct Primary Care (DPC) medical model. It eliminates insurance companies and the government as middlemen between patient and physician. This enables us to see patients as often as necessary and for as long as it takes to fully address their medical needs.

Our patients are our customers. Our business success is measured by how well we keep our patients healthy and satisfied with our service.

Affordable  
Hassle-Free  
Healthcare

## INJURY CARE

Prestige provides comprehensive care for injuries such as sprains, cuts requiring stitches, fractures, removal of foreign bodies or splinters, and more.

- On-site Digital X-Ray
- Dedicated Procedures Room
- Slit Lamp
- ER-Trained Providers

## AVOID COSTLY ER VISITS

Only 13.3% of Emergency Room (ER) Visits result in hospitalization. Prestige effectively treats 75% - 80% of injuries and illness cases that would normally go to the ER and be discharged.

# Key Features of Prestige Care

## ACCESS

- Unlimited access to everyday healthcare.
- No copay or deductible removes financial barrier to healthcare.
- Care conveniently available according to your schedule.

## QUALITY OF CARE

- Number of patients limited to 600 per healthcare Provider (National average is 2500)
- A small patient panel enables us to spend as much time as necessary to fully address each patient's healthcare needs.

## BENEFITS OF CARE

- Improved access and quality of care allows Prestige to treat conditions normally referred to outside services. Potential reductions include:
- 35% Fewer Hospitalizations
  - 66% Fewer Specialist Visits
  - 65% Fewer ER Visits
  - 82% Fewer Surgeries
  - 66% Fewer Specialists Visits
  - 50% Less Rx Drug Usage

## OTHER BENEFITS

- 70% - 90% cash discounts for outside labs
- 50% - 60% cash discounts for outside imaging (CAT, MRI)
- Rx refills via phone
- In-house pharmacy (Coming Soon)

## FAMILY MEDICINE & WELLNESS CARE

Prestige provides comprehensive primary care and offers preventative visits to help members achieve their wellness goals. Our Board Certified Family Practice physicians offer:

- Routine Primary Care
